Fenos[®]
Light To Delight

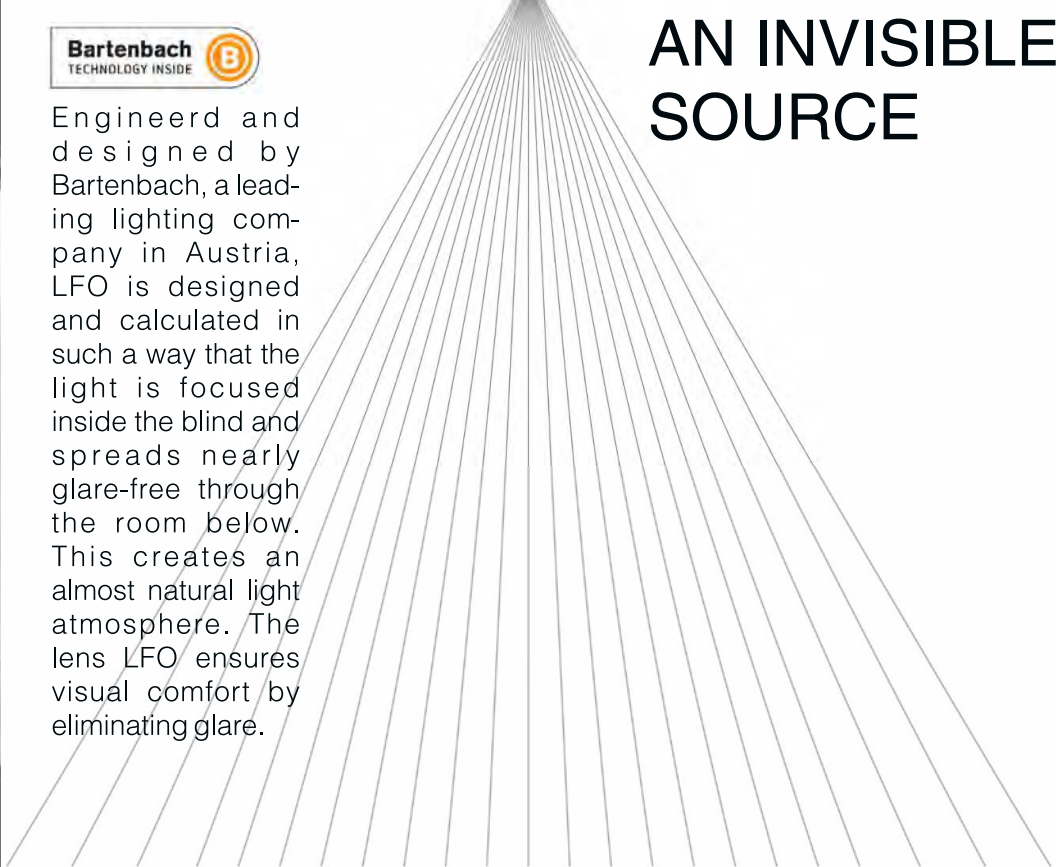

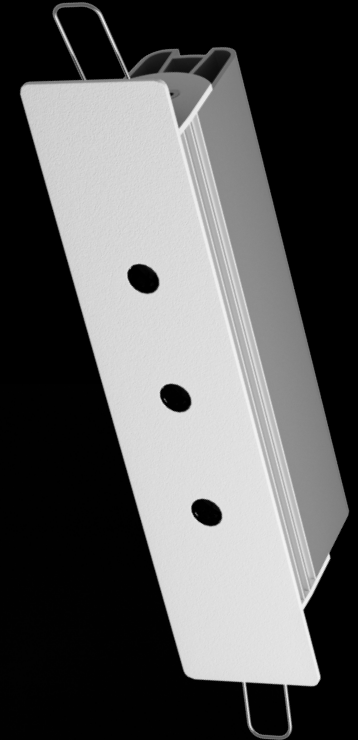

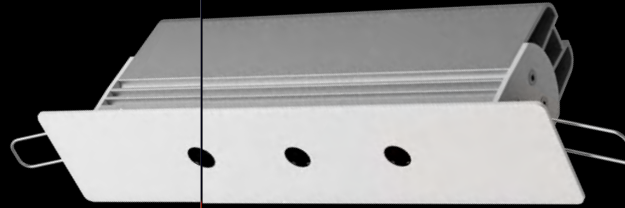

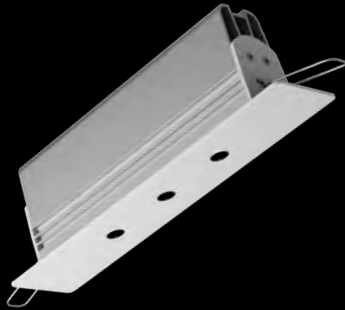

Bartenbach 
TECHNOLOGY INSIDE

Engineered and designed by Bartenbach, a leading lighting company in Austria, LFO is designed and calculated in such a way that the light is focused inside the blind and spreads nearly glare-free through the room below. This creates an almost natural light atmosphere. The lens LFO ensures visual comfort by eliminating glare.

**GLARE-FREE
LIGHT FROM
AN INVISIBLE
SOURCE**

From the creative minds at Fenos Lighting, a company known for innovation, and featuring cutting-edge LFO Lense technology from Bartenbach GmbH, Zhiwer is the lighting solution you've been searching for. No more annoying glare – just soft, comfortable illumination that sets the perfect mood. Zhiwer's sleek design seamlessly fits into your ceiling, adding a modern touch to any space. Get ready to experience the wonder of glare-free lighting with Zhiwer – where simplicity meets brilliance.

Tailored Integration: Zhiwer's Smart Design for Seamless Harmony.

Zhiwer isn't just a downlight; it's a customizable lighting masterpiece. Engineered with your architectural vision in mind, Zhiwer lets you match the luminaire's bottom plate with the ceiling material. Whether your ceiling boasts the warmth of wood, the sleekness of metal sheet, or the elegance of a mirror – Zhiwer adapts. With the ability to harmonize with any surface, Zhiwer maximizes the blend of light and design, creating an ambiance that's uniquely yours. Embrace the synergy of architecture and illumination with Zhiwer – where adaptability meets aesthetic precision.

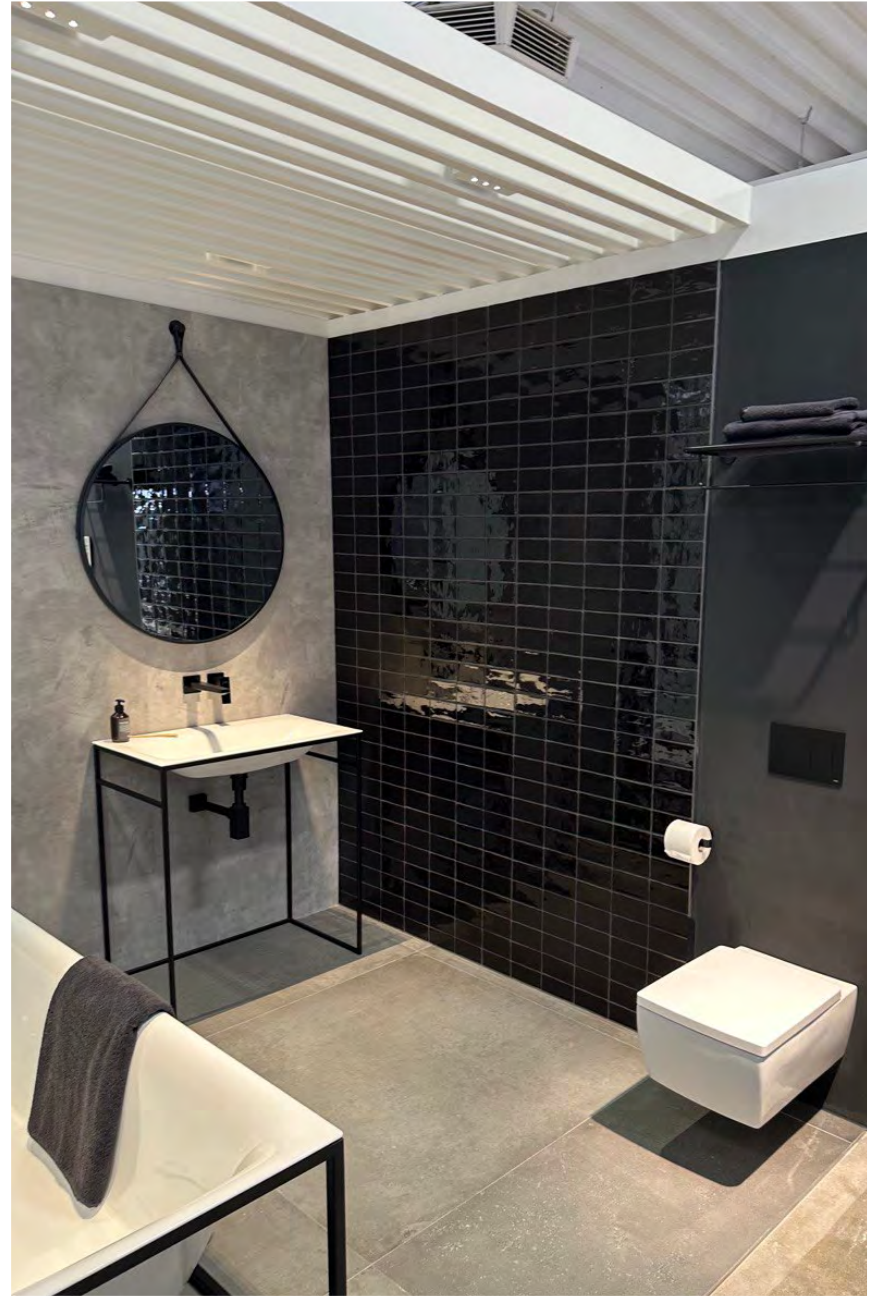

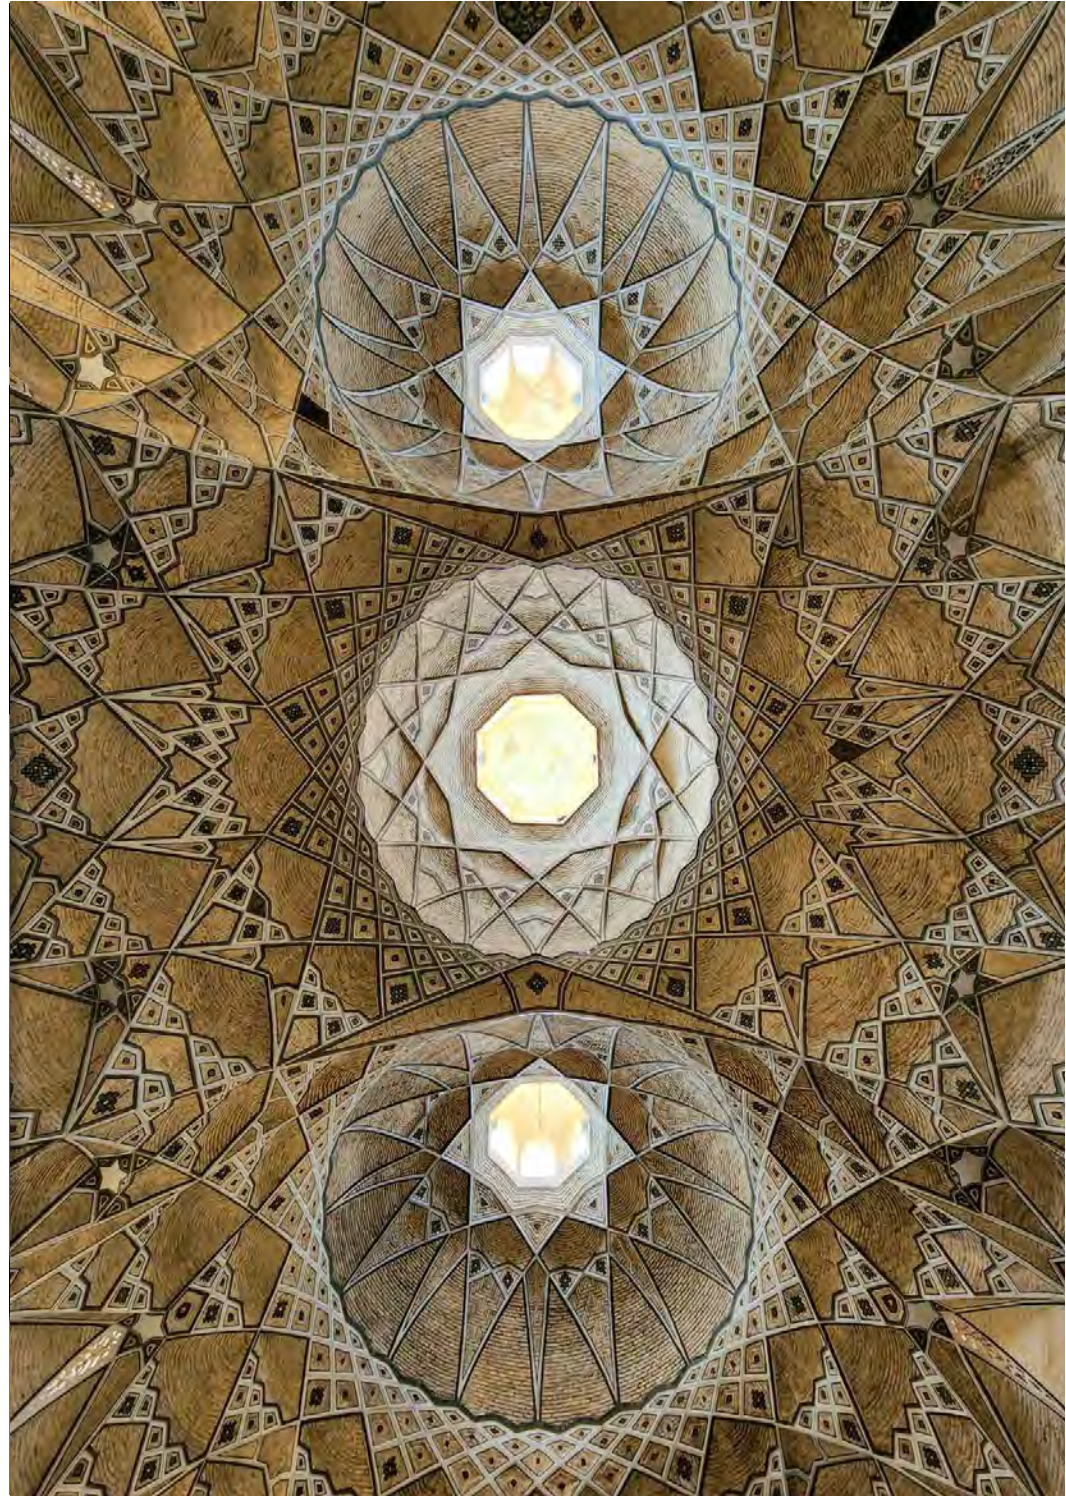

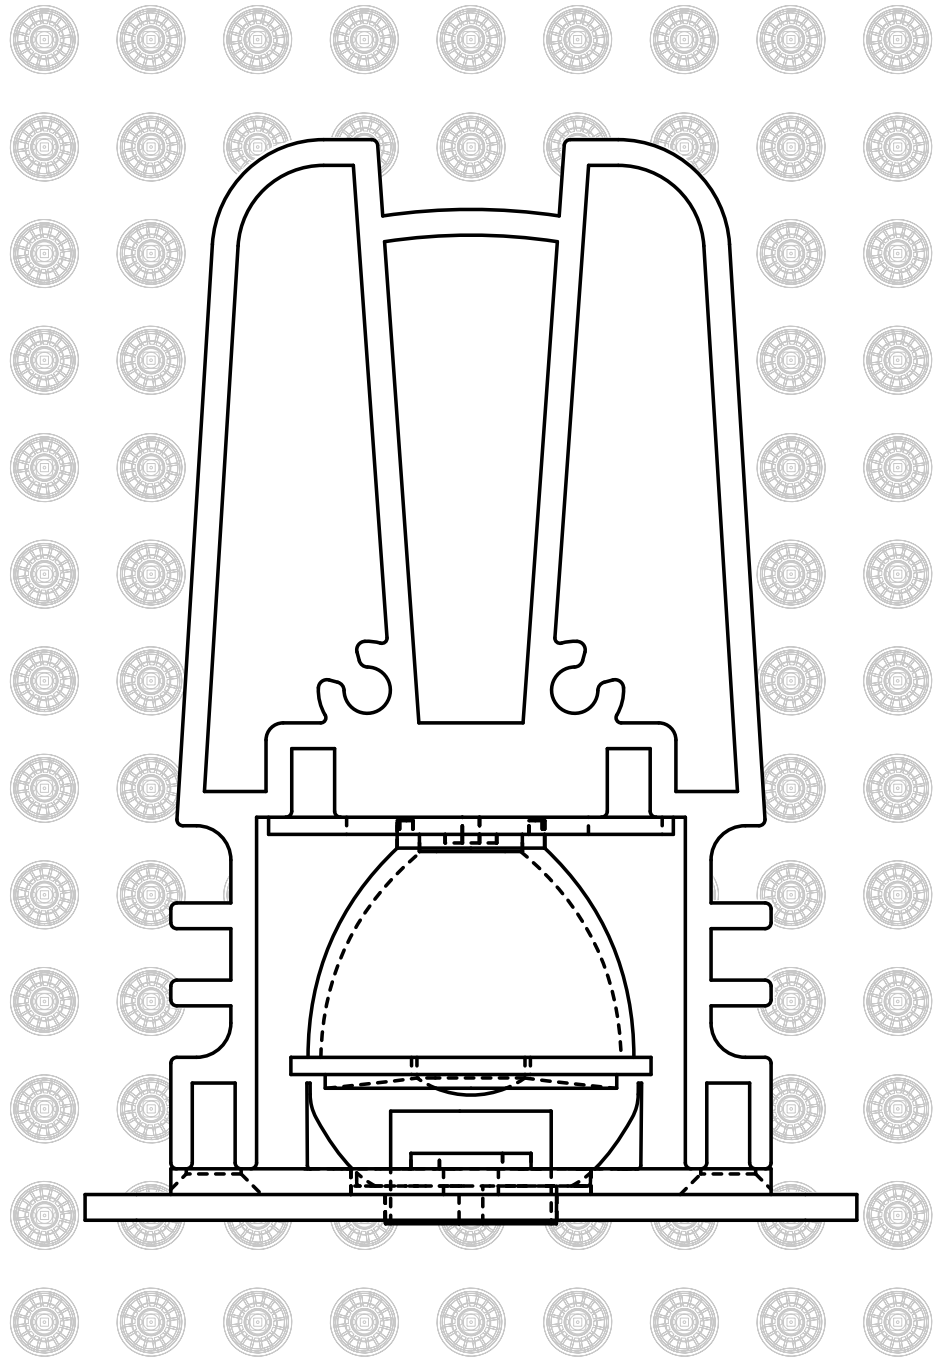

GLASS

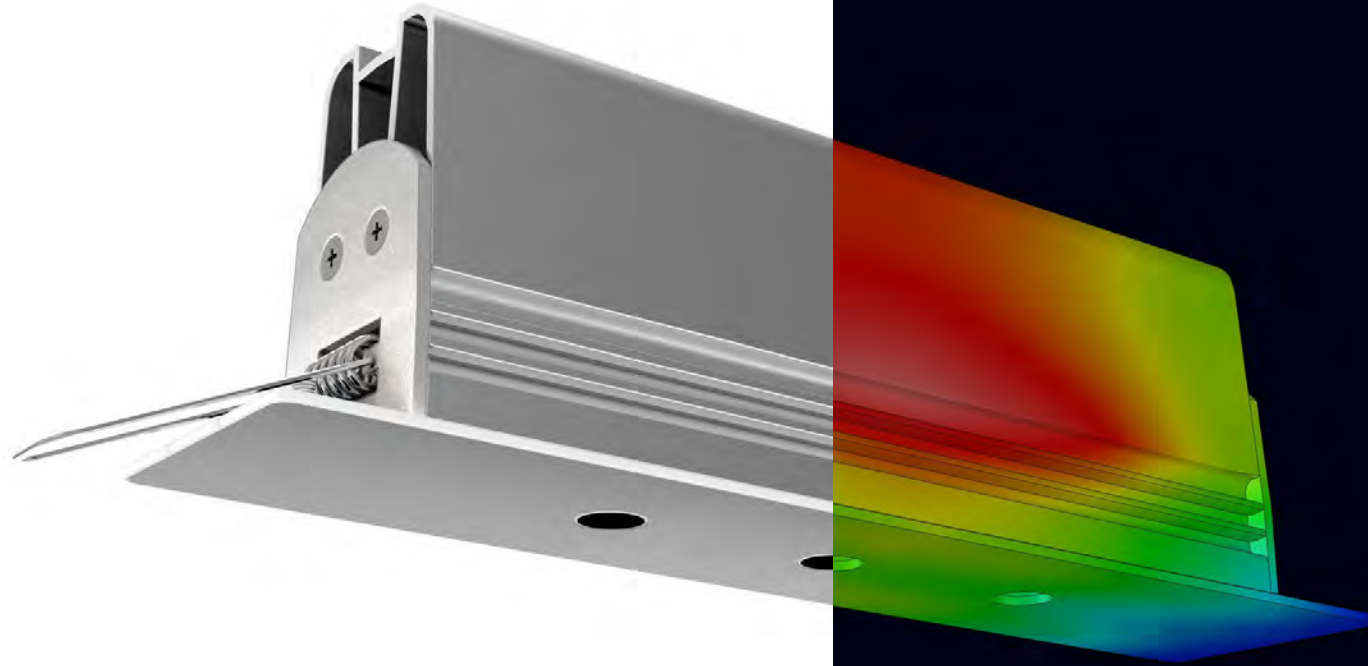

RAW

ANY SIZE, ANY MATERIAL

This is not only stylish but also practical, thanks to its advanced heatsink technology. Engineered with a modern shape and high-efficiency capabilities, Zhiwer's heatsink is designed to dissipate heat effectively, ensuring long-lasting performance and reliability. Its lightweight construction also makes it easy to install and maintain, without compromising on its exceptional thermal management capabilities.
